*A view of Dias*

**The Keynote Speaker Mo. Gulam Vastanvi Sb.**, Founder & President, Jamia Islamia Isha'atul Akkalkuwa speak on success theme of worldwide students and also speak on general weakness of educated once related to mankind and religious act.

*A section of audience*

**Chief Guest Mr. Aamir Edresy** said that the development of any country depends on its engineers. Such occasions like Engineers' Day give us an opportunity to see our weaknesses with a critical eye so that we can take corrective action so as to achieve excellence in our profession. If we want rapid development & industrialization, then engineers will have to be given their due place in the society. He also urged the engineers to always update their technical knowledge & keep abreast with latest techniques. He further exhorted engineers to develop indigenous techniques best suited to our conditions as the World-class Engineering may differ from nation to nation. He strongly focused on o be a model Muslim Community which by Advanced in Education, Socially Progressive, Culturally Vibrant, Politically Influential, Economically Dynamic.

Mr Adil Ahmed, Student representative proposed vote of thanks. At last program ended with President's humble talk with almighty Allah infavor of entire mankind.
